

# Organizing Exhibitions : A handbook for museums, libraries and archives

Freda Matassa

This ground-breaking book is the first to provide museum staff, librarians and archivists with practical guidance on creating and organizing successful exhibitions. Drawing on international museum practice but applicable to any exhibition or display, the book sets out a time-line from the initial idea to the final legacy. Backed up by advice and guidance and with a list of resources for those who require in-depth knowledge, it has up-to-date information on new developments such as sustainability and flexibility in environmental conditions. Also included are the ten biggest mistakes and the top ten tips for exhibition success. Part One covers the 10 key stages for a successful exhibition: idea, planning, organization, packing and transport, installation, openings, maintenance and programmes, closure, touring, and legacy. Part Two is a directory of advice and resources, supplementing the information provided in Part One. Written by an international expert and designed for the first-time exhibition organizer as well as the professional, this book will become the standard for exhibition success. Recommended for museum staff, cultural heritage students, librarians, archivists, private collectors and anyone who needs practical guidance on organizing exhibitions.
