

Origin and Antiquity of Man (Classic Reprint)

G Frederick Wright

Excerpt from Origin and Antiquity of Man I need make no apology for the space given in this volume to a fresh presentation of the facts of the Glacial epoch, for they continue to be the center about which the most important evidence of the antiquity of man gathers. Besides, as it has been the subject of my special study for forty years, new aspects of its bearing on the question at issue are constantly forcing themselves upon my attention. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
