Beware the Light Eaters . . . A long time ago in the Nanairo Galaxy, man roamed the planets in perfect harmony with a rare species known as the Spectrobes: mysterious beings that harness light energy to unleash amazing powers. But the harmony that was once there, would soon be lost. The Krawl-an evil force of the darkness-appeared in the Nanairo Galaxy and wrecked havoc on the planets. The Spectrobes jumped into action to defend their freinds. Great battles ensued and the Krawl were finally beaten, but the fight proved too great, even for the Spectrobes. For some unknown reason, they were fossilized and scattered to surrounding planets buried deep in the grounds. Hundreds of years went by and the people of this galaxy were safe, but not for long. Deep in the blackness of space, thousands of vortexes filled with Krawl were on their way back to the Nanairo Galaxy . . . Spectrobes book #3: Origins Deep within the Nanairo Galaxy, a mysterious portal has opened and transported Rallen and Jeena to a far away world. When they arrive, they find a very familiar threat: The Krawl! Our heroes discover that the Krawls leader, a dark figure known as Krux, is preparing a colossal attack that will destroy everything in this new galaxy. Their only salvation lies in an ancient force known as the Ultimate Form. But to activate this Ultimate power, Rallen and Jeena must first find the Five Shards of the King. As the officers travel across the galaxy in search of the Shards, they encounter new Spectrobes, haunting visions of the past, discover an old NPP badge, and meet new and old friends that help put an end to the menace of the Krawl.
